

CHRISTMAS TELEPHONE Pictionary

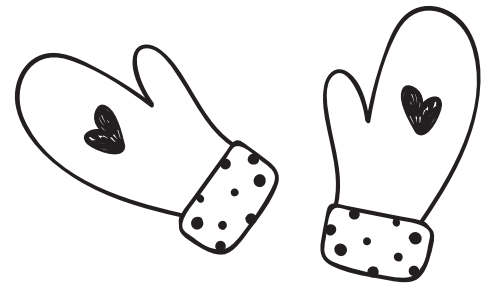

Players: 8+

Materials:

- 2 writing utensil
- 2 pieces of paper per round
- Deck of pictures

How to Play:

1. Split players into two teams.
2. Each team forms a line, front to back. Don't look at the person behind you!
3. The players at the back of the line see the picture on the card and use their finger to trace it on the back of the person in front of them. When the player is done drawing, the next player traces the shape on the back of the next person. Continue down the line until you get to the last person.
4. The last person in line draws the image on a piece of paper. Whichever team was closest to the original picture gets a point.
5. Rotate the lines and repeat with a new picture. The team with the most points wins!
